Dear [Senator/Representative Last Name],

Thank you for taking the time to meet with me today on APTA Washington's Legislative Impact Day. I appreciate the opportunity to discuss our bill that increase access to care for injured workers (HB 2243/SB 6152) and our bill that would allow for negotiations between providers and insurers (HB 1589/SB 5588). [insert something specific about your conversation].

I am grateful for your willingness to listen and engage on these topics, and I value your commitment to serving our community. Please reach out if I can be a resource or provide additional information as you continue your work this session.

Thank you again for your time and thoughtful conversation.
